

AMAZON MINING SERVICES SARLU

COMPANY PROFILE

AMAZON MINING SERVICES SARLU is a multi –purposed company involved in the supplies of electrotechnical materials for domestic and industrial purposes. We have a registered office in Lubumbashi, Democratic Republic of Congo.

The company is headed by a consortium of experienced professionals assisted by experienced competent staff. We provides a corporate and coordinated approach to a wide range of electrotechnical materials.

The company was officially established early 2019, and runs under Tax payer No. A1916452E, VAT No. 4580/2019 and Sales Reg. No. CD/LSH/RCCM/19-B-0060.

OUR VISION

To become a Top leading Electrical Engineering Company in DRC delivering best service and best products with most competitive price.

OUR MISSION

To provide the most reliable service with the best affordable products to customers while building of basic infrastructure of electrical requirement in our country. Alpha Power will never fail customers' expectation and we will vow to exceed it.

OUR VALUE

Alpha Power believes that conducting business ethically and being a responsible company are fundamental to the success of the company. We stand by ethical business practice that is consistent with our mission and core value.

AMAZON MINING SERVICES SARLU

We only supply certified products from leading brand manufacturers including, but not exclusive to: INGERSOLL parts, ESAB parts, AFROX parts, SKF parts, KLINGER parts, DRIZIT parts, SCHNEIDER parts, SIEMENS parts, ABB parts, FLUKE parts, ENDRESS & HAUSSER parts, TRYSOME parts, EDART parts, PRATLEY parts, ALLPRONIX parts, KONICA MINOLTA parts and ELVEY SECURITY TECHNOLOGY parts

AMAZON MINING SERVICES SARLU

INGERSOLL RAND

Reliable, highly efficient and low maintenance systems and solutions for any industry.

- Compressor Systems
- Power Tools
- Lifting & Material Handling

Compressor Systems

Ingersoll Rand air compressors include stationary single-stage and two-stage reciprocating compressors, rotary screw air compressors, centrifugal air compressors, oil-free air compressors, and a wide range of compressed air dryer solutions.

Power Tools

- DC Electric Fastening Systems.
- Cordless Precision Fastening.
- Air Drills.
- Pulse Tools.
- Screwdrivers.
- Nut runners.
- Riveters.
- Torque Multipliers.

Lifting & Material Handling

- Offering you a complete choice of products which include Hoist, BOP Handling Systems, Handling Devices / End Effectors, Winches, Support Structures and Air, Electric and Mechanical Balancers.

AMAZON MINING SERVICES SARLU

ESEAB

ESAB is a world leader in welding and cutting equipment and consumables. We offer a complete line of fabrication solutions for virtually every application.

ESAB arc welding equipment solutions tackle every manual welding process.

Metal fabricators rely on ESAB for virtually every welding process : MIG (GMAW), Flux Cored (FCAW), Stick (SMAW), TIG (GTAW), Multi-Process Welders, Submerged Arc (SAW), Electroslag Welding (ESW) and Weld Quality Systems.

AMAZON MINING SERVICES SARLU can supply the wide range from ESEAB Brand,

AMAZON MINING SERVICES SARLU

AFROX

▶ **AMAZON MINING SERVICES SARLU** supplies Afrox items. Afrox is sub-Saharan Africa's market leader in gases and welding products. We supply a variety of industrial gases for various processes including welding, purging, refrigerant and fuel.

The air is compressed and freed of vapour, dust and carbon dioxide. Then refrigerated to extremely low temperatures, compressed to a liquid and separated by distillation into oxygen, nitrogen and argon and other noble gases.

▶ **AMAZON MINING SERVICES SARLU** offer wide range of welding and gas items with competitive and realistic prices. Genuine and goods quality.

AMAZON MINING SERVICES SARLU

SKF

AMAZON MINING SERVICES SARLU supplies bearings, seals, lubrication and lubrication systems, maintenance products, mechatronics products, power transmission products, condition monitoring systems and related services globally all from SKF genuine brands.

AMAZON MINING SERVICES SARLU

KLINGER

▶ **KLINGER** has been the world's leading manufacturer and provider of industrial sealing, fluid control and fluid monitoring systems for more than 130 years.

AMAZON MINING SERVICES SARLU supplies Klinger items : valves, gaskets, instrumentation, expansion joints, hoses, shutdown services, steam audits, leak detection,...

OUR RANGE OF VYC STEAM TRAPS

▶ VYC steam traps are used to discharge condensates and non-condensable gases with a negligible consumption or loss of live steam.

Following the most used STEAM TRAPS :

041/042, 043/044, 143/144, 343, 241/243

244, 443/444, 543.

AMAZON MINING SERVICES SARLU

DRIZIT

DRIZIT manufacture and market a comprehensive range of pollution control products to help you maintain a safe and healthy working environment and meet environmental legislation.

We have an environmental clean-up solution for YOU!

Drizit - 24hr Hazmat Spill Clean Up Response Services & Specialized Clean Up Services

Such As Asbestos Removal, Bioremediation, Oil Skimmers, Oil Absorbents ...

- **DRIZIT** Socks absorbs oil quickly around machinery and equipment. Use on land and water to contain and absorb spills on rivers, dams, canals and in harbors.

AMAZON MINING SERVICES SARLU is ready to assist you with asbestos removal, industrial tank & tanker cleaning, oil & chemical transfers, 24-hour hazmat clean-up services, marine spill clean-up, post fire debris cleaning & bioremediation of oil or chemical spills in groundwater & soil.

AMAZON MINING SERVICES SARLU

SCHNEIDER

The Schneider Group grows through strategic acquisitions and focuses on the electricity industry, energy management and innovative technologies.

Schneider Electric offers a wide range of safe and reliable residential electrical products, such as light switches and electrical sockets, surge protection and power conditioning, uninterruptible power supply (UPS), home automation, fast electric car charging facility, and more.

AMAZON MINING SERVICES SARLU can offer you all of these items with competitive prices.

Schneider
Electric

AMAZON MINING SERVICES SARLU

SIEMENS

We are a technology company focused on industry, infrastructure, transport, and healthcare, SIEMENS make. From more resource-efficient factories, resilient supply chains, and smarter buildings and grids, to sustainable transportation as well as advanced healthcare, we create technology with purpose adding real value for customers. Siemens and affiliated companies offer private customers a diverse product portfolio, from electrical installation systems and home automation to security systems and hearing instruments as well as investment funds. AMAZON MINING SERVICES SARLU can offer Cooking & Baking. Overview Ovens Steam Ovens and Steamers Hobs Ventilation Microwaves Drawers Accessories Cleaning and care.

- Transformers, HVDC, Disconnecter, Power Capacitor, Instrument Transformer, SIESTORAGE Energy storage, BRAUMAT Process Control System, Industrial Instrumentation (Sensors and communication), SIRIUS Controls; SINAMICS & Perfect Harmony drives, SinaSave Energy efficiency and amortization calculation, Electric motors, SIMATIC, Controller, SIMATIC Human Machine Interface (HMI), SIMATIC PCS 7 Distributed Control, System (DCS), SINUMERIK Computerized Numerical Control (CNC), SIMATIC Automation Designer, SIMATIC WinCC

AMAZON MINING SERVICES SARLU

ABB

ABB is a technology leader in electrification and automation, enabling a more sustainable and resource-efficient future. The company's solutions connect engineering know-how and software to optimize how things are manufactured, moved, powered and operated.

Through our leading technologies and responsible business practices, we help to address the world's energy challenges, transform industries, and embed sustainability in everything we do, contributing to better lives for people across the globe.

Bulk electrical, Connectivity and grounding, Conduit and fittings, Explosion proof lighting and enclosure, Hazardous areas, High voltage products, Industrial substations, Low voltage products, Medium voltage products, Transformers, UPS, Wire and cable management.

FLUKE

FLUKE is an American company who is the forerunner of the digital multimeters in the world. Fluke has become famous in the market because of its ruggedness and the accuracy of the reading. It has been diversified into Electrical testing such as Earth resistance test, insulation test, installation tests and power quality and energy analysis into IR thermography, vibration and battery analysis. So we have decided to help customers in condition monitoring in testing the condition of the plant or office premises. Please find following tests and analysis carried out by AMAZON MINING SERVICES SARLU for the customers.

- IR Thermography.
- Vibration analysis for motors and attached components.
- Power quality and Energy studies.
- RCD tests and Insulation Tests.
- Earth Resistance and Soil resistance. Test.
- Battery Analysis.

AMAZON MINING SERVICES SARLU

ENDRESS + HAUSER

By choosing Endress+Hauser as a partner, customers opt for long-term reliability, and a solution provider that has the ability to deliver both instruments and services for a complete solution.

Areas of activity

- Level, flow, pressure, temperature, liquid analysis, measurement recording, system components and tank gauging
- Automation Solutions, Tank Terminal Management, Field Network Engineering, Energy Management Solutions
- Services

TRYSOME

- ▶ Trysome is focused on sourcing OEM and specialized auto-electrical, replacements components and collision avoidance systems for operators of heavy-duty automotive, earth-moving, construction, agricultural, transport and mining machinery.

AMAZON MINING SERVICES SARLU is driven by people and passion, ensuring a commitment to service, offering solutions and services beyond the norm. Each product development or customization will adhere to proven working practices and strict quality controls.

Instrument Panels, Harnesses, Battery Charging Bays, Battery Packs, Fatigue Warning Systems, CPUs and Audible Park Brake Alarms are just a few of the planned outputs of this brand.

AMAZON MINING SERVICES SARLU

EDART

eDART designs and manufactures slurry equipment to improve recovery rates for metallurgical plants. We combine our Computational Fluid Dynamics (CFD) expertise with extensive site experience to reliably solve your complex slurry challenges. How can we help you.

AMAZON MINING SERVICES SARLU can supply you in eDART items as following :

- Dart Valves
- Knife Gates
- Pinch Valves
- Process Control Samplers

AMAZON MINING SERVICES SARLU

PRATLEY

Established in 1948 by George “Monty” Pratley, the Pratley stable of companies rests on a foundation of research and innovation. Drawing from over 70 years of experience, Pratley has filed more than 350 patents worldwide and is involved in the manufacturing and marketing of brand leading Adhesive products to global markets.

AMAZON MINING SERVICES SARLU can supply :

- Gravestone Restoration & Monument Installation
- Cleaners & Treatments
- Epoxies & Adhesives
- Tools, Brushes & Sprayers
- Window Restoration & Carpentry
- Linseed Oil, Paints & Pigments
- Masonry
- Lifting, Rigging & Safety
- Landscaping, Gardening & Archaeology
- Conservation
- Clay & Sculpture Tools

AMAZON MINING SERVICES SARLU Made in South Africa

KONICA MINOLTA

Konica Minolta Healthcare Americas: is an industry leader of medical diagnostic imaging solutions focused on Digital Radiography, Ultrasound, Precision Medicine and Healthcare Information Technology. Solutions span the continuum of care; from prevention to diagnosis to treatment.

AMAZON MINING SERVICES SARLU is glad to announce that is able to assist youn supplying the Konica Minolta items, genuine and certified in the following categories :

- Office Printers & Copiers
- Production & Industrial Printing
- Intelligent Surveillance
- Predecessor Products

AMAZON MINING SERVICES SARLU

ELVEY SECURITY

▶ Elvey is a leading security solutions provider and distribution partner to the residential and corporate security marketplace. Our mission is to enhance the security, control and intelligence, within both the home and workplace, through the provision of world-class technologies and solutions.

▶ AMAZON MINING SERVICES SARLU will help you to find easily these solutions:

- Access control
- Fire detection
- Intruder detection
- Surveillance

GENERAL ELECTRICITY

▶ General Electrical involves various sub electrical systems, involving HVAC, energy management, building automation, fire and life safety systems, communications and security. This leads to the idea of integrated building electrical systems.

Typical voltages supplied to factories from the grid range from approximately 208VAC to over 1kVAC, although specific levels may be higher. These levels may then be customized by linear or switch-mode power supplies and converters to meet internal equipment and system requirements.

▶ AMAZON MINING SERVICES SARLU is ready to serve you and supply items regarding the following sectors :

- Lighting.
- Major appliance.
- Small appliances.
- IT equipment (computers, printers etc.)
- Motors, pumps and HVAC Systems.

AMAZON MINING SERVICES SARLU

GENERAL PLUMBING

- ▶ Plumbing is any system that conveys fluids for a wide range of applications. Plumbing uses pipes, valves, plumbing fixtures, tanks, and other apparatuses to convey fluids.

Main Plumbing services

- ▶
 - Water supply. Plumbers are responsible for installing the hot and cold water to your bathrooms and kitchens. ...
 - Sanitary plumbing. ...
 - Gas fitting. ...
 - Drainage. ...
 - Roofing. ...
 - Mechanical Services.

HDPE ITEMS

▶ HDPE Pipe Fittings & Pipes

We are a professional plastic valve, pipe, and pipe fittings dealers. HDPE pipe fittings are one of our main products. There are many types of our HDPE pipe and fittings, such as: HDPE water supply pipes, HDPE gas pipes, HDPE drainage pipes, HDPE double wall corrugated pipes, HDPE butt fusion fittings, HDPE electrofusion fittings, HDPE mining pipes and more. We welcome you to contact us for more detailed product information and look forward to a chance to cooperate with you.

HDPE Pipe Fittings Application Field

1. Drinking water piping system
2. Agriculture and garden irrigation
3. Sewage discharge
4. Desalination and aquaculture projects
5. Raw material conveying
6. Infrastructure, construction projects

AMAZON MINING

ARL

STEEL & IRON ITEMS

- ▶ AMAZON MINING SERVICES SARLU is a large steel import-exporting company. As the foreign trade window of steel dealer, we have extensive exchanges and friendly cooperation with domestic and foreign manufacturers on the basis of equality, mutual benefit and win-win cooperation, which has greatly supported steel industry. The most supplied items materials are SS, Galvanized and Iron quality.

- ▶ **Galvanized**

- Coil, Pipe, Plate and Profiles

- Color Coating**

- Coated Board and Coated Coil

- Stainless Steel**

- * Steel Sheet, Steel Bar, Steel Pipe, Steel Coil,

- Stainless Steel Profiles**

SS FITTINGS

▶ AMAZON MINING SERVICES SARL, is specialized in importing-exporting and sale of forged steel flanges and steel pipe fittings for years, aim to serve our customer with competitive price, quality and short delivery time.

Regarding fittings and pipes accessories, you can try by sending us your RFQ for items as following :

Main Plumbing services

- Welded neck flange
- Slip-on flange
- Blind flange
- Welded socket flange
- Threaded flange
- Lap joint flanges
- Ring type joint flange.

AMAZON MINING SERVICES SARL

ELBOW & TEES

▶ Beside piping systems, AMAZON MINING SERVICES SARL can supply others items acting in pipes fittings as following :

- Long radius elbow
- Short radius elbow
- ▶ • Reducing outlet tees and reducing outlet crosses
- Lap joint stub ends
- Caps
- Reducers

HIGH PRESSURE MACHINE

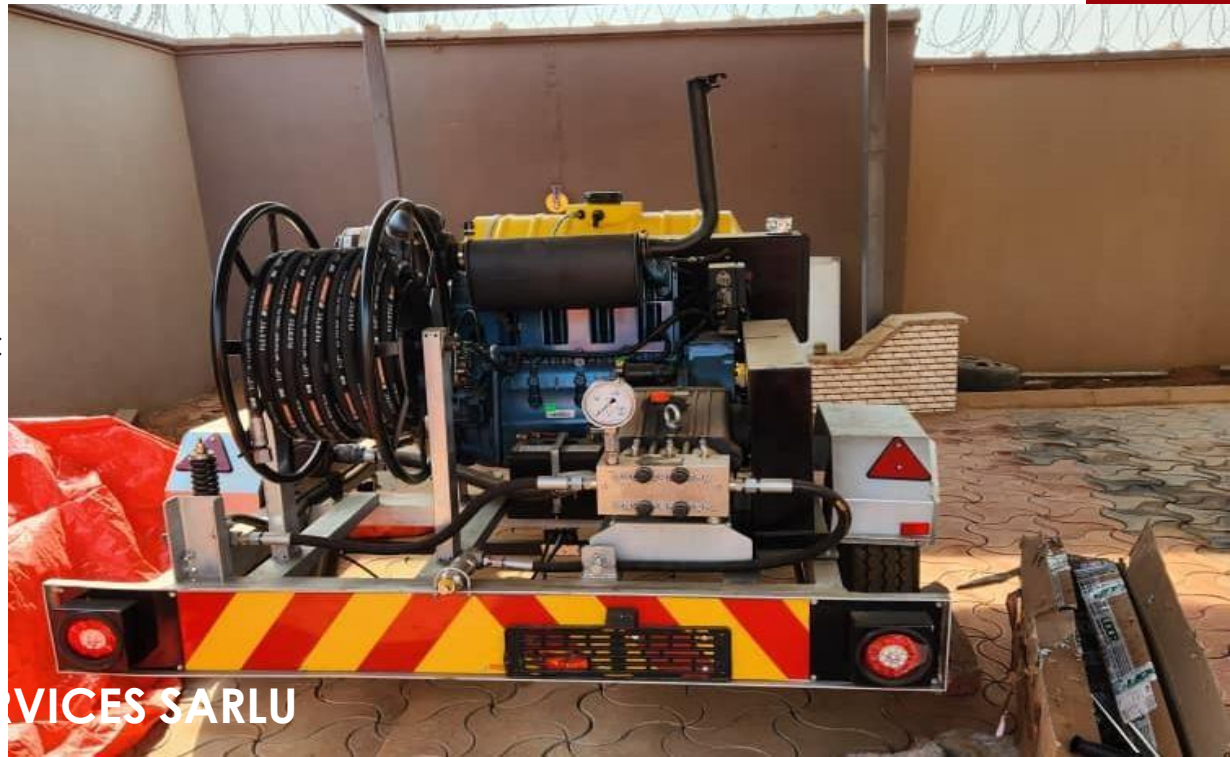

▶ AMAZON MINING SERVICES SARL supplies high pressure machines :
Unbeatably versatile ! High pressure cleaning, who have continuously optimized the principle of high-pressure cleaning with more cleaning performance with less consumption, longer service life with shorter cleaning times. AMAZON MINING SERVICES SARL impresses with a product range that meets every requirement in terms of its technical sophistication and versatility: unheated or heated, with an electric or combustion engine, mobile or stationary.

▶ ***Cold water high pressure cleaners***

With cold water high-pressure cleaners, the impact pressure is crucial – ideal for removing non-adhering dirt and large amounts of dirt such as sand, mud, algae and moss.

Hot water high pressure cleaners

Hot water high-pressure cleaners increase the water temperature from approx. 12 ° C to up to 155 ° C – perfect for removing stubborn, stubborn dirt such as sugars, oils, greases and soot.

AMAZON MINING

SERVICES SARL

INSTRUMENTATION

- ▶ **PROCESS INSTRUMENTS AND CONTROLS** deal with the measure and control of variables in production or manufacturing. Some of those process variables might be humidity, temperature, pressure, level, flow, pH, force, and speed. Control systems engineering is how control is applied to design systems so that certain behaviors can be derived. AMAZON MINING SERVICES SARLU is one of local leading companies working in mining industry supplying instrumentation items from a wide range and different famous brand including : FLUKE, SIEMENS, ABB, ENDRESS+HAUSER, IFM, PEPPERL+FUCHS, GEMU,...

APPLICATION ;

- RADAR
- WATER LEAKAGE SENSOR
- LEVEL SENSOR
- PRESENCE SENSOR
- HEAT SURVEY
- WEIGHTNING SENSORS
- VIBRATION SENSOR
- FIRE DETECTION SENSOR
- THERMOSTAT SENSOR...

CATALYST SCREENING WITH A SCREENING MACHINE

- ▶ **Skills Required**
 - ✓ Basic knowledge of **particle size analysis**.
 - ✓ Ability to operate **vibratory screening/sieving machines**.
 - ✓ Accurate **weighing and data recording**.
 - ✓ Attention to detail.
 - ✓ Basic understanding of **chemical or catalyst materials**.

- **Typical Equipment Used**
 - ✓ Vibratory **screening machine / sieve shaker**
 - ✓ Standard **test sieves**
 - ✓ Laboratory **balance**
 - ✓ Sample trays and containers
 - ✓ Brushes and cleaning tool

- ▶
 1. Sample Preparation
 2. Operating the Screening Machine
 3. Particle Size Separation
 4. Data Recording and Analysis
 5. Equipment Maintenance
 6. Quality Control
 7. Safety and Compliance

BOILERMAKER SERVICES

▶ AMAZON MINING SERVICES SARLU provides professional boilermaker and metal fabrication services to mining, industrial, construction, and infrastructure sectors. Our team consists of skilled and experienced artisans capable of delivering high-quality fabrication, installation, and maintenance solutions according to industry standards.

▶ Our Boilermaker Services include:

- Structural steel fabrication and installation
- Welding services (MIG, TIG, ARC, Flux Core)
- Fabrication of tanks, chutes, hoppers, and pipelines
- Repair and maintenance of mining equipment and machinery
- Conveyor structures and plant maintenance
- Plate development and heavy steel works
- Shutdown and emergency mechanical repairs
- On-site and workshop fabrication services

We ensure all projects are completed with strict adherence to safety regulations, quality control procedures, and client specifications.

AMAZON MINING SERVICES SARLU

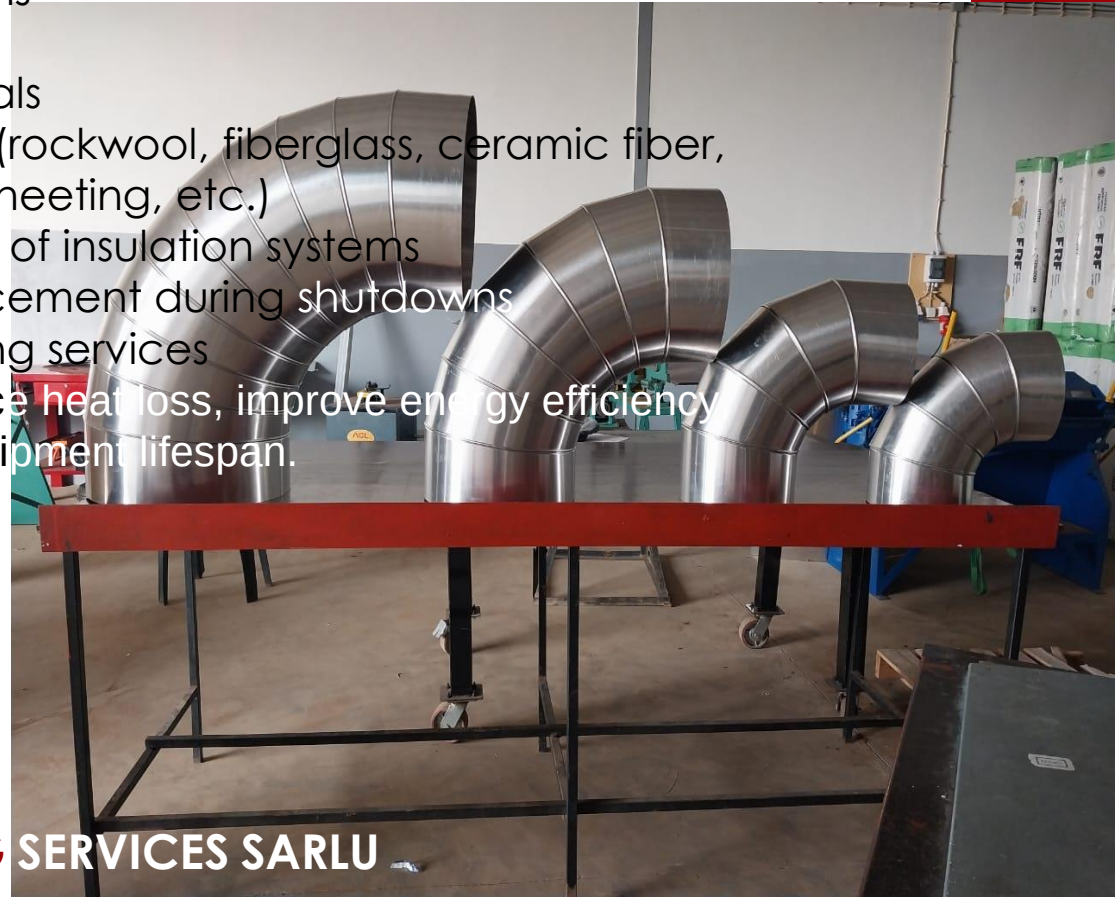

INDUSTRIAL INSULATION SUPPLY & INSTALLATION

▶ AMAZON MINING SERVICES SARLU supplies and installs high-quality industrial insulation solutions designed to improve energy efficiency, protect equipment, and enhance operational safety across various industries including mining, processing plants, power generation, and manufacturing.

▶ Our Insulation Services include:

- Thermal insulation for pipes, boilers, tanks, and vessels
- Hot and cold insulation systems
- Acoustic insulation solutions
- Fire-resistant insulation materials
- Supply of insulation materials (rockwool, fiberglass, ceramic fiber, cladding materials, aluminum sheeting, etc.)
- Installation and maintenance of insulation systems
- Insulation removal and replacement during shutdowns
- Industrial cladding and lagging services

Our insulation solutions help reduce heat loss, improve energy efficiency, protect personnel, and extend equipment lifespan.

BOILER CLEANING SERVICES

▶ AMAZON MINING SERVICES SARLU provides specialized boiler cleaning and maintenance services for industrial plants, mining operations, manufacturing facilities, and processing industries. Proper boiler cleaning is essential to ensure efficient performance, reduce energy consumption, and extend equipment lifespan.

▶ Our Boiler Cleaning Services include:

- Internal and external boiler cleaning
- Removal of scale, sludge, soot, ferrules, and combustion deposits
- Chemical cleaning and descaling of boiler systems
- High-pressure water jet cleaning
- Tube cleaning and inspection
- Heat exchanger and condenser cleaning
- Preventive maintenance and shutdown cleaning services
- Boiler performance inspection and reporting

Our experienced technical team ensures all cleaning operations are performed safely, efficiently, and according to industry standards.

MECHANICAL SERVICES - PUMP REPAIR & MAINTENANCE

▶ AMAZON MINING SERVICES SARLU offers comprehensive mechanical maintenance and repair services with a strong focus on industrial pumps and rotating equipment used in mining, water systems, processing plants, and industrial operations.

▶ Our Mechanical Services include:

Pump Services:

- Repair and refurbishment of centrifugal pumps
- Slurry pump maintenance and overhaul
- Multistage pump repair
- Dewatering pump servicing
- Seal replacement and bearing replacement
- Shaft alignment and balancing
- Impeller repair and replacement
- Pump installation and commissioning
- Preventive maintenance programs

We are committed to minimizing downtime and improving equipment reliability through professional workmanship and quality spare parts.

SANDBLASTING & SURFACE PREPARATION SERVICES

▶ AMAZON MINING SERVICES SARLU offers professional sandblasting and surface preparation services for industrial equipment, steel structures, pipelines, tanks, and mechanical components. Proper surface preparation is essential for corrosion protection, coating adhesion, and equipment longevity.

▶ Our Sandblasting Services include:

- Industrial sandblasting and abrasive blasting
- Surface preparation for painting and coating
- Rust, scale, and corrosion removal
- Steel structure cleaning and refurbishment
- Tank and pipeline surface treatment
- Protective coating preparation
- On-site and workshop sandblasting services
- Painting and anti-corrosion coating support

We use modern equipment and quality abrasive materials to deliver safe, efficient, and high-standard results.

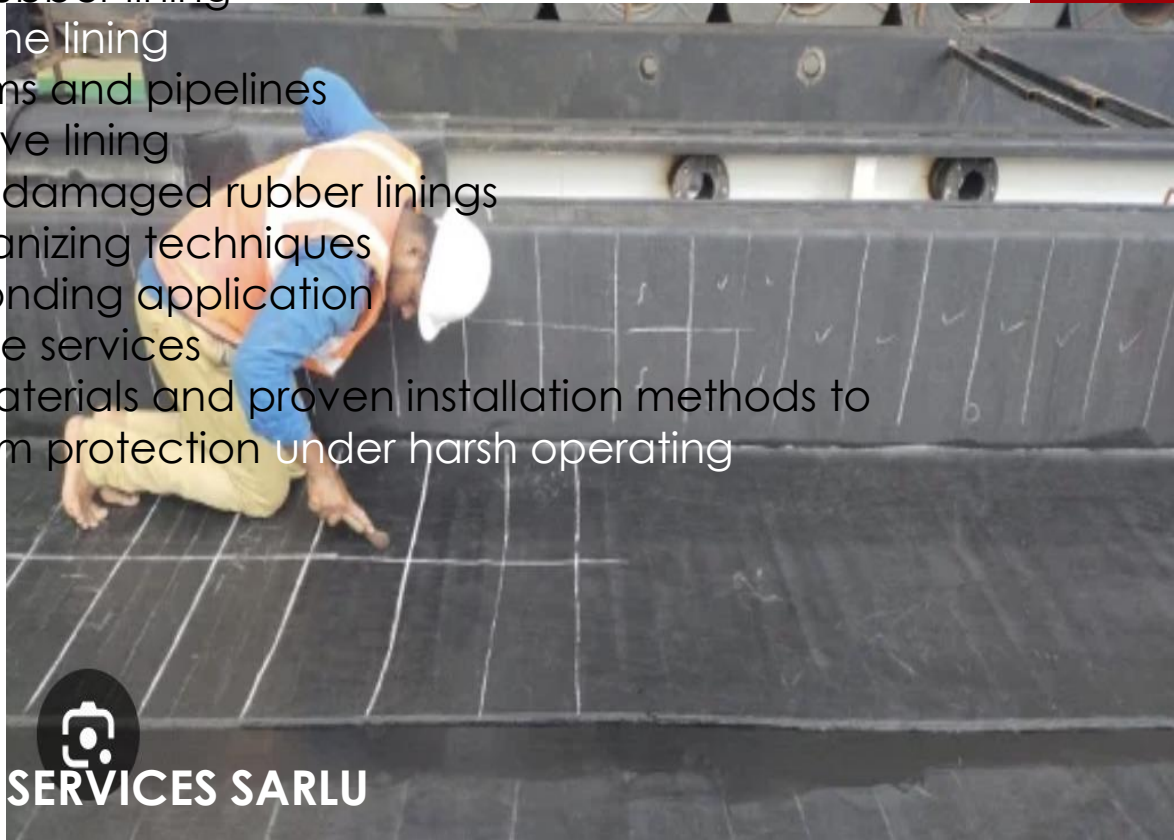

RUBBER LINING SERVICESRUBBER LINING SERVICES

▶ AMAZON MINING SERVICES SARLU provides high-quality rubber lining services for mining, industrial, and processing equipment to protect surfaces against abrasion, corrosion, and chemical attack. Our rubber lining solutions are designed to extend equipment lifespan, reduce maintenance costs, and improve operational reliability in demanding environments.

▶ Our Rubber Lining Services include:

- Rubber lining of tanks, pipes, and vessels
- Pump casing and impeller rubber lining
- Chutes, hoppers, and cyclone lining
- Rubber lining for slurry systems and pipelines
- Mill and equipment protective lining
- Replacement and repair of damaged rubber linings
- Cold bonding and hot vulcanizing techniques
- Surface preparation and bonding application
- Inspection and maintenance services

We use high-quality rubber materials and proven installation methods to ensure durability and long-term protection under harsh operating conditions.

CONSTRUCTION WORKER JOB DESCRIPTION

Overview

A construction worker is responsible for assisting in building, repairing, and maintaining structures such as buildings, roads, and infrastructure. They perform physical labor and support skilled workers on construction sites.

Key Responsibilities

- Prepare construction sites by cleaning obstacles and hazards
- Load and unload construction materials
- Operate tools and machinery
- Assist skilled workers such as carpenters and electricians
- Follow instructions and blueprints
- Measure, cut, and assemble materials
- Maintain tools and equipment
- Follow safety procedures at all times

Skills and Requirements

- Physical strength and stamina
- Basic knowledge of tools and equipment
- Ability to work in a team
- Good communication skills
- Attention to safety
- Basic math skills

CONSTRUCTION WORKER JOB DESCRIPTION

▶ Education and Experience

No formal education required for entry-level positions. On-the-job training is provided. Previous experience in construction is an added advantage.

▶ Working Conditions

Work is usually outdoors and may involve exposure to different weather conditions. The job is physically demanding and may require lifting heavy materials and working at heights.

▶ Skills and Requirements

- Supervisor or Foreman
- Skilled tradesperson
- Site manager
